

Loss Control Safety Techniques

Holiday Safety

Fireplace Safety

- Prior to lighting a fire, remove any greens, wrappings, paper and any other nearby combustible decorations from the area. Ensure the fireplace flue is opened.
- Do not burn wrapping paper in the fireplace as a flash fire could result.
- Use care with any “fire salts” that produce colored flames when thrown on wood fires. The salts contain heavy metals that could result in intense gastrointestinal irritation and vomiting if ingested. Keep the salts away from the reach of children.

Proper Holiday precautions are no accident. Be safe. Take note of the topics and recommendations discussed in this bulletin. We encourage you to put them into practice – doing so helps ensure your safety. It is the philosophy of

Frankenmuth Insurance and your Independent Insurance Agent to provide services that give policyholders peace of mind. At Frankenmuth Insurance, we truly are *with you all the way*.
